

2020 Sandy Marks, Jr. Poster Presentation Award, in Education.

Title of winning presentation:

“Abnormal Branching of the Celiac Trunk with Atypical Origin of the Middle Colic Artery”.

Your current position:

Rising second-year medical student at Touro College of Osteopathic Medicine.

Your Undergraduate and previous graduate training (if any):

Bachelor’s degree in Biology and Psychology at the University of Central Florida.

Master’s degree in Interdisciplinary Studies in Biological and Physical Science at Touro College.

Your home state:

Florida

Hobbies and or Special Interests:

Some of my hobbies are traveling, photography, hiking, cooking and watching films.

My special interests include human anatomy, clinical research, peer mentoring and community outreach.

What would you like to see yourself doing 10 years from now?

I would like to see myself practicing as a general surgeon, having a family, becoming a clinician-educator, building partnerships within my community, and participating in global outreach programs targeting underserved populations.
