

Your Name: Christopher Gil Johnson

Title of winning presentation: Etiology of Pseudoconclusion: Phenomenon of Pseudoreplication in Anatomical Research.

Your current position:

e.g. 3rd year Ph.D. student, Department Cell Biology & Anatomy, University of Wisconsin
e.g. MS student, Department of Neurobiology & Anatomy, University of Rochester
Senior pre-med student, Missouri Southern State University

Your advisor:

e.g. Anne Agur, Ph.D.
Dr. Alla Barry, MD & Dr. David Penning, Ph.D.

Your Undergraduate and previous graduate training (if any):

e.g. B.S. Biology, Oberlin College.
e.g. B.A. Biology, University of Missouri; M.S. Physical Anthropology, Washington University

Your hometown:

Neosho, Mo

Hobbies and or Special Interests:

I enjoy working on and riding motorcycles, but spending with my wife and children brings me the greatest joy. My other interests include growing Bonsai trees and racing sprint cars.

What would you like to see yourself doing 10 years from now?

In ten years, I hope to be a pediatrician serving the needs of families in Southwest Missouri and the surrounding region. In my capacity as a physician, I would like to follow in the footsteps of my mentors and help future students achieve their goals.
